PREFACE

The growing interest of the policymakers to take decisions and make viable choices in the light of available statistical data on varied dimensions of social and economic development allowing all stakeholders, especially, the planners, policymakers and researchers to workout inter district comparison and disparities.

Social and economic indicators in general form covers important part of the information required to determine how well a region / country is contributing / progressing on economic and social arena at national level. To identify regional and gender disparities and support the process of planning, monitoring and research.

During the recent past an emerging need has been witnessed for the information on socio-economic status of the districts with various disaggregation such as rural, urban and male, female.

Important District-wise Socio-Economic Indicators is issued, is an effort to meet this particular need of planners, researchers and other data users by equipping them with the essential data on socio-economic aspects of the province.

I would like to pay thanks and appreciate the valuable support provided by the line departments and other data generating organizations for providing the data deemed essential for publication of this report. I also place on record my thanks to the officers and staff of the Bureau of Statistics, Planning and Development department for their dedicated efforts in the preparation of this important document.

The publication has also been made available on the official website of Bureau of Statistics Balochistan (<http://bospond.balochistan.gov.pk>) to provide easy accessibility to a large number of data users.

Suggestions for improving the contents of the report will be welcomed with appreciation.

ZAHID SALEEM

ADDITIONAL CHIEF SECRETARY (DEV:)

Bureau of Statistics,
Planning & Development Department,
Government of Balochistan.
